Reference: Amended October Monthly Report (9/01/09-9/30/09)

Dear Mr. Butler:

This letter is in response to your request for additional information dated January 22, 2010 regarding the Amended October Monthly Report (09/01/09-09/30/09) received November 20, 2009.

Schedule A, supporting line 11(c) correctly discloses a contribution from The Coca-Cola Company, Nonpartisan Committee for Good Government. Although, this does appear to be an excessive contribution it is not. The committee is amending it April 20, 2009 filing to correct the donor name listed on Schedule A to Coca-Cola Enterprises, Inc., Employee Nonpartisan Committee for Good Government.

Schedule B, supporting line 21(b) discloses a payment to the NRCC for travel expenses. The committee was assessed the usual and normal charge for the goods and services billed. The amount of the payment made to the NRCC was based on the actual cost of travel attributable to The Freedom Project. The Freedom Project reviews all receipts prior to making a payment that is not a political contribution to a political committee.

Sincerely,

Margee Clancy
Treasurer
